CHECK OUT OUR 2019 SPRING CLASSES:

Raspberry Pi /Intro to Robotics – Learn computer programming with a tiny computer called Raspberry Pi. Program games, puzzles, and other tools using Python & Scratch computer languages. Learn to use the Linux operating system & a variety of open source software sets. New computer labs every week! Have fun while learning computer science and engineering.

Sal Rivas, Instructor

Beginner Guitar – Learn basic guitar chords. Be prepared to have fun! Bring your own guitar. Several are available to borrow.

Alan Rasmussen, Instructor

Healthy Cooking – Learn to prepare snacks and simple meals that are healthy & easy to make. Sample different types of cooking, as well as different ways to cook.

Melissa Zehe, Instructor

Let's Dance!

The goal of this dance class is to instill a love of dance allowing students to experience each style of dance. Students will also work on classroom skills such as following directions, listening and working with others. We will also focus on learning performance skills like connecting with the audience and telling a story through dance and facial expressions. Come and join us for a dance adventure!

Adriana Bustamante, Instructor

Fiesta Ole!

Have fun making colorful decorations for the Fiesta Ole! – an event “for seniors” that will be held on April 27. This class can be used for community service hours if you need them for a school class.

Kim Jebson, Instructor

Class sizes are limited – so register soon! (Classes run from 3:15 to 5:00 every Thursday. Students may come directly from school and meet in the FTB Cafeteria where an on-site coordinator will stay with students, and administer snacks until class time.) *After School Arts registration forms will be available at Culpeper middle schools, high schools, and Culpeper Public Library.*
